| LACTO FOODS SPECIFICATION |
| Product: New Zealand Medium/Mature Cheddar |
| Product Code: |
| Issue Status: 03/09/09 Issue 01 |

1.0 Description:

The product is made from pasteurised whole cows milk. The colour must be creamy white and uniform throughout the product possessing a close texture with firm, smooth body.

The block must be rectangular with no rounded edges and not mis-shaped.

2.0 Flavours:

The product will have a clean flavour characteristic of the variety type and will be absent of undesirable aromas and flavours. The cheese will be characterised by the following guidelines dependent on flavour and age:

| | |
|---------------|-------------|
| Medium Mature | 5-14 months |
|---------------|-------------|

The determination of grade ultimately depends on flavour profile. Specific flavour and age requirements should be agreed with Lacto Foods at the time of purchase.

3.0 Ingredients:

Whole Milk

Cheese Lactic Starter Culture

Vegetarian Rennet

Salt

4.0 Chemical Standards:

| Test | Typical |
|-------------------|----------------|
| Moisture | 39% Maximum |
